## UNDERGRADUATE Q&A

### In the Know!

#### Colony Representative Learns Valuable Lessons at ZBT's National Convention

Rising sophomore **Joshua Styles** represented the Xi Colony at this year's national convention, held July 13-17 in Philadelphia, Pa. He shares with us what he learned at the convention and how he'll apply this knowledge to the Xi Colony.

##### What were some of the key points you learned from the convention?

Some key points I learned were rush strategies, popular philanthropy projects, new places to look for community service projects, some innovative ways to incorporate brotherhood involvement into brotherhood education, and ways to improve the academic standing of the overall colony/Chapter.

**"It's one thing to be able to relate with the people in your colony/Chapter, but to be able to relate to your Brothers from all over the country is really something else."**

##### How do you plan on using what you learned to benefit ZBT?

I plan to use what I learned at the convention throughout the year by teaming up with our philanthropy chairman to organize our projects to make a difference in the community, doubling our colony's membership numbers, and making a name for ourselves not only on campus, but in the community as well.

##### Why were you proud to represent Xi Colony at this year's convention?

To see so many people whom I know I can trust and share ideas with, together in one place for a whole weekend, was awe-inspiring. All the stories, advice, and new ideas that were exchanged really made me understand what brotherhood really means. It's one thing to be able to relate with the people in your colony/Chapter, but to be able to relate to your Brothers from all over the country is really something else.

##### What new ideas/activities will you bring to ZBT?

I plan to help my philanthropy chair organize a "Get on the Ball" project with local businesses to raise money for Children's Miracle Network here in Atlanta.

## ALUMNI UPDATES

### 70's

#### Louis Wallen '71

(460 Malbone St., Brooklyn, NY 11225; wallen770@aol.com) Restoring 1962 Jaguar XKE Roadster.

#### Jeffrey Goodman '71

(2052 Paran Ct., Marietta, GA 30062; jeff.goodman@harborftw.com) Good luck in re-colonizing! I'm down at Tech a lot and just passing the house brings back so many great memories.

#### Joseph Moskowicz '75

(4550 Rutherford Dr., Marietta, GA 30062; jmoskow@bellsouth.net) I have worked as an actuary for 32 years. For the last 19 years, I have worked for a Citigroup subsidiary here in Atlanta. I served as Chief Actuary for 5 years and recently got kicked upstairs to a corporate "product strategy" position. "Coasting" I guess. I have lived in Marietta for 27 years with my beautiful wife Susie. Our 21-year old daughter attends Appalachian State in Boone NC, one twin son (18) starts at Vanderbilt next year studying engineering, and the other will attend UGA. (UGH!!!!) My passions are

running, trivia on the web (remember the Trivia Bowl and Clatu Verada Nik To), and of course Fantasy Baseball. (It's better than Strat-0-Matic and I am still the Maulers.) I don't stay in touch with many of you except my putz-of-a-brother-in-law and Sinsheimer. (Bruce is really a great brother-in-law, but he calls me a putz.)

### 80's

#### Rhys Schreadley '82

(1252 Channell Park, Marietta, GA 30064-5801) I'm still at Lockheed Martin after almost 24 years, and I am now the Functional Manager of the Structural Design Department. I've been married to my wife, Michelle, for 18 years and we have an 11-year-old daughter, Rory. She is involved in many activities that keep us running - horseback riding, swim team, and guitar lessons to name a few.

My oldest daughter, Cindy, has been married for over 4 years now and has a 16-month-old son, Grayson. Yup, I'm a grandfather now! I hope to see a lot of the old Zebes at Homecoming (and I do mean "old" nowadays).

### 90's

#### Zane Coleman '92

(145 Cedar St. Apt. 2-5, Somerville, MA 02144; zane@zanecoleman.com) We have a nice big two bedroom, two bath apartment that is well suited for visitors and all are welcome. We are along a nice bike path and about 25 minutes by subway from Boston. After our wedding on May 26, we had a wonderful time on our honeymoon in Fiji (story with photos will be online someday soon). Right after we returned we started packing and moving as well as returning to work. Theresa is interning with the Massachusetts Dept. of Corrections Legal Division and I'm still with Fusion Optix.

#### Stefan Woulfin '99

(986 Soaring Way, Marietta, GA 30062; woulfin@gmail.com) I am proud to announce that William Maddox Woulfin was born June 11, 2007 at 8:09 pm. Maddox is 19 inches long and weighs in at 8 lbs and 12 oz. (no wonder Ash had to have c-section). Both Maddox and Ashley are doing well. It's great to be a Zebe.

## Clock Strikes Midnight, and ZBT Is Back on Campus

### *A New Era Begins for ZBT at Tech*

They call it a midnight move. Except this time, it wasn't to move away in the middle of the night, but rather to move in – into the old Xi Chapter house.

That's right, well before the midnight expiration of the lease with Sigma Phi Epsilon, our undergraduate Brothers were preparing their midnight move, to officially start at 12:01 am, August 10. Cell phones blazed into action with planning. A quick visit to the house that evening saw the trustees checking on final details with the Sig Eps for their move-out, with all going well. Plans were finalized, things were packed, a number of trips from Home Park were made. By the wee hours of the morning, the ZBTs were back in the house.

Thus begins a new era for ZBT at Tech, now officially back on campus. As of this writing, the Brothers are discovering the joys of home ownership, expressed in the fraternity world as "work week." You know the drill – cleaning, painting, fixing,

replacing, mowing, trimming, going to Home Depot, then getting up the next day and doing it all over again. We are lucky to have trustee **Bill Cleary '82** to help with this process. After several years without the house, the Brothers are glad to be home.

This past year has been one of tremendous progress. Starting with two returning Brothers, we built a new brotherhood of enthusiastic and motivated young men who will take ZBT into the future. Thanks go to past president **John Nott '07** and the Brothers last year for their vision and work, as well as advisors **Stefan Woulfin '99** and **Jason Woulfin '02** for all their work, and to the trustee board for its financial support.

But we're not there yet. This year is critical for us in terms of rush. I'm pleased that the Brothers have made recruitment a top priority, with a goal of fifteen new Brothers. We also look forward to progress in brotherhood and social programming, academics, campus participation, philanthropy, and

organizational development. And of course, the ultimate goal this year combines these with its requirements – receiving a charter as a full Chapter of ZBT. We still have work ahead of us.

We thank you for your support and hope you will visit during Homecoming or a football game day this fall!

**Steve Wassell '90** reprises his role of providing new letters for the house, which he last did while in school. Thanks to Steve for this great donation!
